

2021 Training Modules

BCBH is very excited to announce the training series which is being released this month. There are mini pre-recorded presentations and corresponding PowerPoints broken into groups which staff can watch independently or as a unit.

- Learners will be able to identify potential benefits of the System of Care as well as articulate which programs would be best for their unique children and youth in their caseload.
- Learners will be able to recognize the potential benefits of the shift in providing prevention and early services as well as transitional services to children and youth through the System of Care.
- Learners will be able to locate and execute a referral for the services they desire utilizing the workflow provided at the correct time.
- Learners will be able to understand the need for assessment and services as well as categorize the various levels of services offered within the New Hampshire System of Care

Systems Overview & Bureau introductions	Care Management Entity (CME) Overview	Transitional Residential (and Psychiatric) Enhanced Care Coordination TR-ECC Overview	TR-ECC process	DCYF TRECC
Comprehensive Assessment for Treatment (CAT) Overview	CAT Process	CAT DCYF	Child and Adolescent Needs and Strengths (CANS)	Residential Changes and Level of Care (LOC)
Residential Eligibility	Residential Path	Psychiatric Residential Treatment Program (PRTF)	FAST Forward Overview	FAST Forward Process

DCYF staff should register for the training at this [Registration Link](#). The modules should be viewed through Moodle if DCYF staff wish to receive training credit.

This training is mandatory to finish by October 1, 2021
